(1) The Department has no record of transmittal by the Embassy of the exchange of notes of March 11, 1959 between the United States and Indonesia constituting an agreement amending the agricultural commodities agreement of March 2, 1956, as supplemented. As requested in the Department's authorizing telegram No. 1480 of February 13, 1959, the documents constituting the above-mentioned agreement should be forwarded immediately to the Department, pursuant to the instructions contained in 4 FSM 326, and should be transmitted under cover of despatch marked for the attention of the Assistant Legal Adviser for Treaty Affairs.

(2) The Department's telegram No. 1758 of March 25, 1959 authorized the Ambassador to sign the U.S. note implementing the loan agreement of March 18, 1959 and requested that when the exchange of notes took place, the documents constituting the agreement be forwarded to the Department pursuant to 4 FSM 326. The Department is unable to ascertain from its records whether this exchange of notes actually took place. If this agreement was concluded, the documents constituting the agreement should also be immediately transmitted to the Department under cover of despatch.

In connection with the above, the Embassy's attention is invited to the Department's circular instruction No. CA-4312 of November 21, 1956 concerning the prompt transmission to the Department of texts of treaties and agreements.

It might be noted that 4 FSM 200 and 226, mentioned in circular instruction CA-4312, is now 4 FSM 300 and 326.

No. 785

Djakarta, May 23, 1960

Excellency:

I have the honor to refer to the Agricultural Commodities Agreement entered into by our two Governments on May 29, 1959 and to notes exchanged on the same date which referred to purchases of wheat flour in addition to that purchased in accordance with the said Agreement. On instructions of my Government, I have the honor to propose that, in order that delivery of wheat flour under the terms of the said Agreement should not displace usual marketings of United States wheat flour, nor unduly disrupt world prices, nor impair patterns of trade among friendly nations, between January 1, 1959 and June 30, 1960, the Republic of Indonesia shall import with its own resources wheat flour amounting to 150,000 metric tons of wheat equivalent including 16,000 metric tons from the United States.

I have

His Excellency

Dr. Johannes Leimena,

Acting Minister of Foreign Affairs,

Djakarta.

I shall appreciate receiving Your Excellency's confirmation of the above understanding.

Accept, Excellency, the renewed assurances of my highest consideration.
